

RUGGED + DURABLE

AUTOMOTIVE AFTERMARKET MANUFACTURER STORAGE BOX LATCH

AVIENT SOLUTION

LubriOne™ PKE Polyketone Formulations

WHY AVIENT?

- Offered lubricious polyketone (PK) material to facilitate easy slide and effective latching
- Provided excellent chemical resistance to cleaning and harsh chemicals, such as bleach, isopropyl alcohol and automotive fluids
- Formulated a durable material with abrasion resistance, UV stability, and tolerant of temperatures from 0°-140°F
- Delivered surety of supply vs. incumbent material
