

**SIMPLIFY MANUFACTURING**

# MAJOR OUTDOOR RETAILER

INTERNAL WILD GAME  
BACKPACK FRAME

## AVIENT SOLUTION

Complēt™ Long Carbon Fiber PA66  
Composite

## WHY AVIENT?

- Lowered production cost by substituting injection molded composite for thermoset layup
- Redesigned frame to meet higher structural load requirements
- Integrated design features to ease cleaning and improve functionality

## LEARN MORE

## KEY REQUIREMENTS

- Simpler manufacturing process to enable higher volume production
- Retain shape while carrying wild game load
- Toughness to survive backcountry use
- Easy cleaning after use
